(Chadron)-A new business in Chadron has opened its doors this week. Engraver's, located at 230 Bordeaux in Chadron, is a new business aimed at sublimation, which is a photo transfer process, onto animal bowls, engraving frames, and other gifts, as well as putting pictures on mugs, tiles, and so much more.

Engraver's, created through ideas from owner Trevor Cope and his wife Shelli, started after discovering different crafts created with woodworking. The Cope's thought that it was a type of business that was needed and that would greatly benefit the area.

Shelli Cope says, "We look forward to reaching out to the community, into the high school and college and being able to help them."

Shelli also said that they are open to a wide array of creations from, wedding items such as wine glasses to sporting event needs like medals, trophies, plaques, and water bottles.

If you have any questions you can contact Engraver's at 432-8371. They are open Monday through Friday, 8:00 a.m. to 4:30 p.m. or by an appointment.
