LINCOLN, Neb. – Nebraska is one of 19 states where fishing could be a little more exciting than normal this year. It is participating in the Cabela's "Wanna Go Fishing for Millions?" promotion.

Nebraska Game and Parks Commission personnel recently has tagged many fish in public waters. From May 5 to July 8, anglers who catch these tagged fish can receive merchandize and cash from Cabela's worth up to \$2 million.

To be eligible for prizes, anglers must first register at www.cabelas.com/fishformillions. Those who pre-register before May 1 will be provided the list of waters with tagged fish four days before the list is released publically on May 5. Tagged fish caught before May 5 or after July 8 do not qualify for prizes.
