(Chadron)-The Pine Ridge Ranger District plans to burn one slash pile at the Red Cloud Campground beginning at approximately 10:00 a.m. this morning, Wednesday, February 13th. Weather and wind conditions are safe for burning, and Forest Service fire crews and one engine will remain on-scene until the fire is out and mopped-up.

The Red Cloud Campground is located approximately 5 miles south of Chadron and located immediately south of Chadron State Park entrance. Folks are asked to stay out of the campground until the operation is completed. Smoke will be visible from Chadron and Highway #385 from late morning to late afternoon. Forest Service fire crews are coordinating with state and local agencies.
