(Neb.)-Highway 385 Now Open As Road Crews Gain Ground

By: Roxie Graham-Marski Posted at: 04/10/2013 07:49 AM

The following information is from the Nebraska Department of Roads:

The following highways are NOW OPEN:

All of Hwy 385 from the South Dakota state line to the Colorado state line is OPEN
L62A from the north Bayard junction to Hwy 385 is OPEN

Road conditions are starting to improve. The roads are still snow packed and very slick, but crews are gaining. The following highways are still closed:

I-80 from Big Springs to the Wyoming line
Hwy 30 from Big Springs to the Wyoming line
Hwy 71 from the Colorado state line to Lawn Church (26 miles south of Crawford)
Hwy 88 from Bridgeport to the Wyoming line
L7E from Hemingford to Hwy 87 (16 mile corner)

Travel is not allowed on any of the closed segments. It is expected that most of the closed segments to be opening throughout the day. I-80 will not open until at least noon today. Please drive slowly and allow extra time for your trip. The roads are very slick and visibility can still be a problem in localized areas.
