(Neb.)-Students On CSC Campus For Registration

By: Chris Fankhauser Posted at: 04/16/2013 11:17 AM

(Chadron)-About 50 incoming Chadron State College students from Nebraska, Colorado, Texas, Montana, New York, Wyoming and South Dakota are on campus today (Wednesday) for the first On-Campus Registration session of 2013.

Students who decide they would prefer not to attend because of the weather, or cannot attend for any reason, should contact the CSC START office as soon as possible. They can elect to attend a registration event on a different date, or not to attend an event at all. This is an optional event and a class schedule will be built for the student regardless, and communications will be done via Eaglemail account.

Those who prefer to reschedule or cancel should contact Danielle Hencey at dhencey@csc.edu

The incoming CSC students planning to attend are enrolled in a wide variety of majors from all three academics schools. Danielle Hencey and Deena Kennell from the START office and Lisa Stein, director of Admissions, comprise the steering committee for the event.

Hencey said, "We are seeing a lot of interest for classes about healthy lifestyles, like 'We are What We Eat,' 'A Better You Through Financial and Physical Health' and 'Nutrition, Weight Loss and Wellness'."

"Planning OCR is always a group effort. Student Services and Academic departments work together each year to ensure successful OCR sessions. With the expectation of a larger incoming class this year, we will continue to work closely with faculty members and other staff members," Hencey added.

Stein said,"I would just like to say that we are so excited to see our new incoming Eagles and look forward to helping them get a great start to their college career."

Additional OCR sessions are scheduled for June 12 and June 26. Students may sign up by clicking a link on the CSC home page csc.edu/orientation/registration.csc and then completing an online form.
