(Neb.)-Crawford Area Will Experience Planned Power Outage Wednesday Evening

By: KCSR News Posted at: 06/26/2013 10:03 AM

Nebraska Public Power District
Always there when you need us

(CRAWFORD)-The Crawford area will experience a planned power outage on Wednesday evening for approximately 3-4 hours as Nebraska Public Power District works on a major line running through the community. The outage is scheduled for 8:00 p.m.-midnight.

The outage will include Fort Robinson, but will not affect the Post Playhouse or its evening performance due a large generator being provided by NPPD.

KCSR News has known about the scheduled outage for approximately a week, but was asked by an official with NPPD to not mention it publicly as the power company was going to contact those affected by the outage individually. However, as other media outlets have taken the initiative, KCSR too feels it fair to make sure that our listeners know that the outage is taking place.
