By: Dennis and Kathi Brown Posted at: 09/01/2013 10:55 AM

(Neb.)-The City of Chadron is asking its residents and businesses to cut back on water usage until further notice.

A lighting strike has damaged equipment so city employees have to control the water supply manually.

Parts have been ordered to replace the damaged equipment but until they arrive residents should avoid lawn watering and washing cars etc.

We'll have more on this story later.
