CHADRON – Members of Chadron State College athletic programs greeted new students to the campus Thursday with open arms.

Members of the volleyball, wrestling, track and field, softball, women's basketball and football teams helped incoming students unload their belongings as they moved into the dorms.

"It's a chance for us to meet and welcome new students to the campus and interact with them," Athletic Director Joel R. Smith said.

All incoming students, both freshmen and transfers, began moving onto campus Thursday as part of New Student Orientation. The new students will be welcomed by Dr. Randy Rhine, president of the college, at Elliott Field 4:30 p.m. Following a class photo, a picnic for students and their families will be served on the lawn of the Student Center.
