(Neb)-Natural Causes Suspected In Death Of Chadron Woman

By: John Axtell Posted at: 06/11/2019 12:48 PM

CHADRON - Dawes County Attorney and Coroner Vance Haug says that although he's still waiting for autopsy and toxicological results, he sees nothing to suggest a Chadron woman found dead in her home Friday morning did not die of natural causes.

52-year old Jean Ann Saunders was found about 6:30 a-m with Haug and Chadron police dispatched to the scene.

Haug says the initial investigation of the scene and witness interviews by police turned up no information suggesting foul play, and he ordered the autopsy and testing as standard procedure to determine the specific cause in an unattended death.
