(Neb.)-Corn Silage Harvest Starts In South Dakota

By: Roxie Graham-Marski Posted at: 09/10/2013 09:47 AM

SIOUX FALLS, S.D. (ASSOCIATED PRESS) - South Dakota's corn silage harvest has started in some areas and farmers are preparing equipment for row crop harvest.

The National Agricultural Statistics Service says in its weekly crop report that the barley harvest was at 97 percent last week.

Corn at the dough stage was 98 percent, just ahead last year and the 94 percent average. Corn at the dented is behind average but about where the crop was last year.

Soybeans dropping leaves were at 28 percent, well behind 74 percent last year and the 41 percent average.

The third cutting of alfalfa was 80 percent complete, ahead of last year and average.
