

Chadron Community Hospital & Health Services

Chadron Community Hospital Home Health/Hospice is seeking a full-time dynamic RN.

Our nurses have the professional diversity of providing care to both Home Health and Hospice patients & families in the beautiful landscape of Dawes, Sioux and Sheridan Counties. We have a complete electronic health record system, furnish vehicles and provide continuing education in the specialties of Home Health & Hospice.

The Home Health/Hospice RN's are primary nurses who also case manage their patients.

Ideal candidate must be able to:

- function without supervision, utilize time constructively and demonstrate creativity and critical thinking ability in the development of patient care plans and projects.
- be proficient with laptops, smart phones and wireless access devices.
- communicate effectively with clients, families and staff in homes and facilities.
- have a current driver's license, good driving history, auto insurance and access to reliable transportation

Although we primarily work 8:00 to 4:30 M-F, some night & weekend call is required. One-year recent nursing experience in an acute care setting or home health experience preferred. Excellent benefit package.

Applications Available at Chadron Community Hospital and www.chadronhospital.com
