

Hahn Enterprises Seeks Logging Help

Hahn Enterprises is looking for someone to work in the woods. Would be running a chainsaw delimiting trees and brushing. Eventually would work up to running a skidder to pull items into the landing. Would accept full-time or part-time person. No weekend work required. Paid by the hour. You will need your own transportation, but a gas allowance is available. A skilled logger is ideal, but we are definitely willing to train the right candidate. Call John at 308-430-0630 or 308-638-7531.
