

## High Plains Homestead "Glampground" and RV Park

**High Plains Homestead "Glampground" and RV Park** is under new management and open for business. Our aim is 'to establish a ministry-minded camping facility that welcomes all to discover the creativity of God by experiencing Him in the beauty of this amazing place'. We have an updated Website, so look us up and see what's happening.

At this time, we are looking for a **special person / people** who would be interested in **taking over the Cook Shack part of the Homestead**. We would love to see it become its own entity run in conjunction with our business. This could turn into a beautiful and profitable partnership, especially as we grow and develop our planned event pavilion on-site. We are also open to an **experienced restaurant manager** to run it at this time. We are able to give some financial incentives to help an entrepreneur get the business running. We are also open to creative ideas from someone who sees an option we have not thought about. There is a well-established history and clientele here, and in the right hands, the sky is the limit for what this opportunity could become. We are looking for someone with a 3-5 year commitment and plan, realizing that it takes time to become established in a new endeavor. If you would like to come in as a manager only and learn about what is here, we would need a commitment for the season, May through October. Again, we are open to creative people and ideas to make this place even more special. Call us, Neal or Heather at 308-665-2592, and let's talk!

We are also looking for a **volunteer campground host** to help out for the season. You would need your own rig. You would live on-site for free in exchange for help with daily chores and maintenance on a rotating schedule. Monetary incentives may be available depending on your skill set and hours. Again, call Neal or Heather at 308-665-2592, and let's talk! Looking forward to meeting the great people God will bring our way!
