

Information About TiPS (Training for Intervention ProcedureS)

What is TiPS?

It's free training designed for those of you with a liquor license whether it is an SDL, on-premise or off-premise, designed to prevent intoxication, drunk driving, and underage drinking. TiPS is a 3-hour class that can be conducted anywhere. This free alcohol server training is for you and your staff or volunteers if you have a business that has a liquor license or for anyone who is planning a special event, like a concert in the park, a fair, festival, or community event.

Where will TiPS Classes be held?

TiPS can be held wherever you need it to be. It will take about 3 hours.

Specifics

TiPS for Concessions has a special focus that takes into account the setting and demands of an event and your job as a paid or volunteer server. On-premise training is for those of you who serve and sell in a sit down atmosphere. Off-premise is for those of you that have licenses for cash and carry such as liquor stores, convenience stores, and grocery stores. All participants, after successful completion of the class, will be certified for three years.

How do I arrange a TiPS Class?
